**COMPACT  
IN DESIGN**

**POWERFUL PERFORMANCE!** (20% smaller in size)

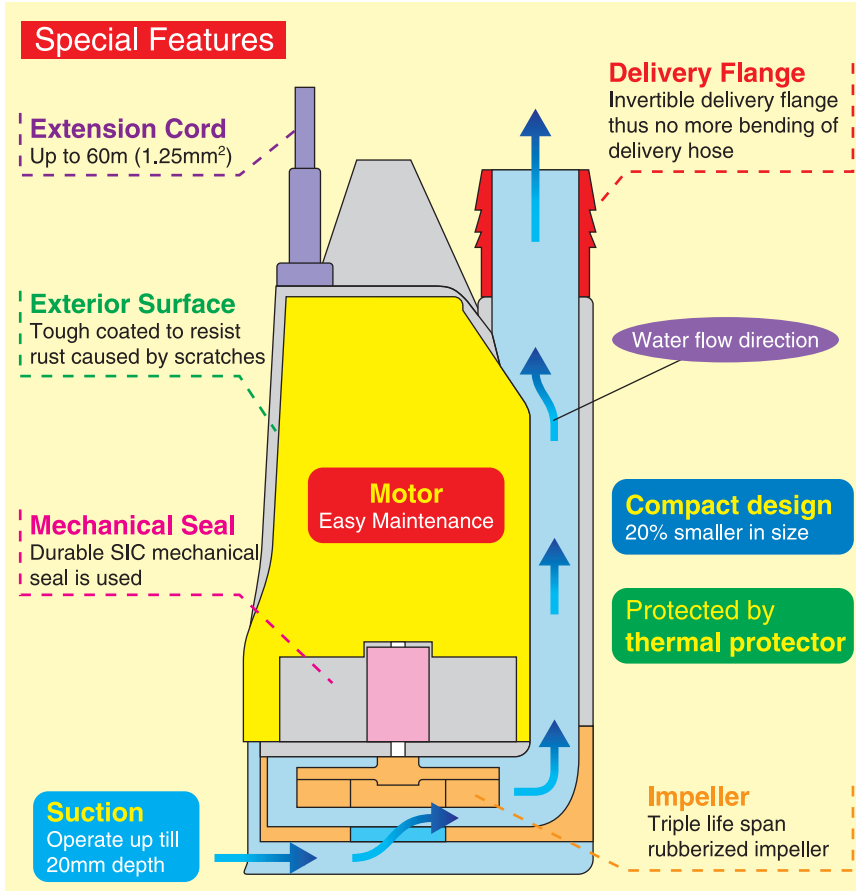

**New generation submersible pump- Invertible delivery flange feature**

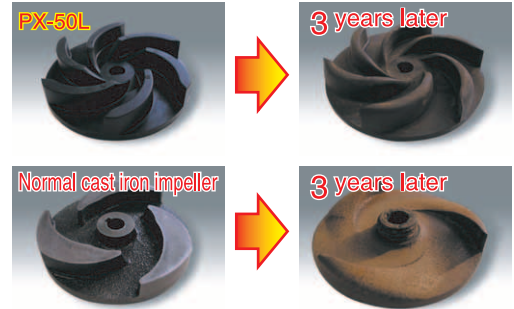

## KOSHIN LTD.

Photo : PX-50

# Excellent durability suitable for various purposes

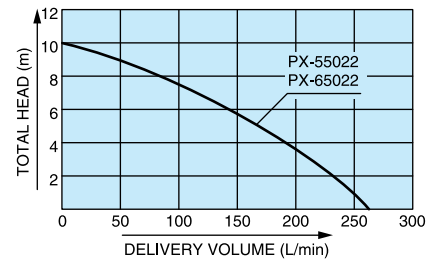

Triple life span due to special rubberized impeller as compared with cast iron impeller.

### Suitable for

- Construction site
- Pond/aquarium usage
- Agricultural irrigation
- Home/domestic application

### Performance curve

Change delivery flange direction and delivery hose will never be bent again.

For the purpose of improvement, specifications are subject to changes without notice.

### Specifications
